2) Then turn right for 250 m, (leaving the first path on your right), take the second which rises up the slope (reading table at the entrance to the path). Bit by bit, the panorama opens up over Charges and Lac de Serre-Ponçon. 800m further on, pass to the left of a house with a porch. This is the highest point of the walk (1024m).

3) Now follow the path downhill to reach the road, which you should follow downhill for 300m. Turn right onto a track that runs alongside vineyards and meadows and heads straight back to your starting point via Rue du Pré du Château.
